## Customer Reviews

This book changed my outlook on life. After reading *Prison to Praise* I began to see the benefit of what Merlin Carothers was saying about the importance of praising God. *Walking and Leaping* is Mr. Carothers story of his journey from Indiana to California. This story proves that God is in control, God loves His children and you don't ever have to worry about anything. Our goal in life is to live today, try to find out what is God's specific plan for us (and then do everything you can to fulfil that plan) and to praise God in every circumstance! God Bless Merlin Carothers!

Years and years ago I had read Carother's books on the power of praise and they so changed my life and my relationship with God. In all of my loves I managed to either loan them out with out getting them back or they were otherwise lost. Until you read his series on praising God you can not adequately release God's power into your life. Not that you are to praise God because things go wrong in your life. You Praise HIM because even though things go wrong you know that God is still in charge and that nothing takes HIM by surprise. God's power seems to ride on the waves of our Praise. This book is full of examples of how our praise of God releases HIS power into our world.

I met Merlin on 1997 and learned a lot. bought 8 books and later over 100. great give away books on Praise to God. when we honor God God Honors us back....His other 2 praise books sold millions, U need them too

Learning to praise the Lord for who He is and what he has already done --- even before we see with our eyes. This is encouraging me to go to a deeper level of faith. How important it is to share our faith walk with others! This book has been a great encouragement to me and to another friend who read it after I did.

Have it (use it as a review every once in awhile) and like it so well wanted one to give to a friend!
