Flannery O'Connor And Teilhard De Chardin: A Journey Together Towards Hope And Understanding About Life (American University Studies)

Synopsis

Flannery Oâ™Connor, the renowned short-story writer, lived and fought a tumultuous battle with lupus erythematosus most of her adult life. In her last five years, she sought insightful and helpful sources to alleviate her struggle with the disease. Among these sources were the ideas and thoughts of a Jesuit-paleontologist-mystic by the name of Pierre Teilhard de Chardin, an individual who opened doors of witness to the secular world and attracted suspicious questioning from his Catholic superiors. Like a moth drawn to a flame, Flannery Oâ™Connor, a devoted Thomist, increasingly admired the ideas of Teilhard de Chardin to the point that she incorporated his ideas into her last six short stories in the collection *Everything That Rises Must Converge*. This book adds significantly to the neglected study of Teilhard de Chardinâ™s influence in the later literary development of Flannery Oâ™Connor. This book would be a valuable asset to students and scholars focusing on American literature, Southern literature, twentieth-century Southern female writers, and Flannery Oâ™Connor.
