Customer Reviews

This little book is very helpful for anyone in relationships with other humans, narcissist or not. It's really about empowerment, knowing your own needs, and speaking up for those needs. It could be

helpful with a difficult boss, lover, friend, family member--anyone who challenges your self-worth.
Highly recommended :)

Beyond helpful with the insight on how to deal with a narcissist. I come from a narcissistic relationship background, and Ms. Resnick and her publications have been more than helpful on many occasions. I don't know what I would do without her knowledge. If you are in a narcissistic relationship or ever have been, this book is a must. Tiny but true!

A wonderful, helpful resource - so meaningful to those dealing with the challenges of living with a narcissist. The author offers support as reassurance with information that both helps and heals. There is no need to feel alone in the struggle.

This book confirmed for me the narc is indeed a narc, & that I am indeed a victim. It also taught me the most effective way to get him to leave me alone is to lose interest, ignore, & become bored with him.

Meredith Resnick has written an invaluable guide to moving past a destructive relationship -- specifically, with a narcissist. Her book is clear-eyed, comforting, and compassionate. Highly recommended for anyone going through a tough breakup.

Excellent and well written. Will be understood by anyone that needs to read it.....and anyone who didn't realize they NEEDED to read it! Surviving is the right title.

Very thoughtful and well done book designed to help on a day by day basis as you get over the narcissist!

Waste of money. Do not buy. It's almost like only part of a book. It's odd. It's full of really used phrases and catch alls. Kinda like a daily "chicken soup for the soul" inspirational calendar. But not inspirational. Or helpful. Whatsoever.
