Harbor Lights (A Chesapeake Shores Novel)

Synopsis

Struggling in his role as a newly single father, former army medic Kevin O'Brien moves home to Chesapeake Shores. He wants a haven for himself and his toddler son, surrounded by the family he knows he can count on, and a future that's nothing like his past. But Kevin is suddenly facing a risk he hadn't anticipated, in the form of Main Street bookseller Shanna Carlyle. Shanna immediately recognizes Kevin as a wounded soul; she's had way too much experience with the type. Still, this charming O'Brien man and his son are almost impossible to resist. Then, just when the barriers are toppling, someone from Shanna's past appears. Confronted with a threat to their hard-won serenity, Kevin and Shanna face their toughest challenge; learning to trust again.

Kevin O'Brien has returned to the beloved O'Brien clan with his son Davy, devastated from his wife's death while serving in the Army in Iraq. He just wants to be left alone to freely and fully grieve. His family honors his needs for a while, but then they realize he has a son who needs him. In other words, he needs to slowly join the living in spite of and through his grief. A large, daunting task to be sure! But the O'Brien clan is up to the task as well. At the same time young Shanna Carlyle has arrived in Chesapeake Bay and is about to open her dream store, a place where the locals and tourists can buy books, games, small toys and puzzles, as well as have a place to have a cup of coffee while they relax and browse through the merchandise. She's got an accounting background to put to good use here but she's also hoping to escape a searingly painful past that she views as

damaged. The day comes when Kevin is finally talked into visiting his sister who owns the store next to Shanna. Finding her shop closed, he stops by and thus begins one of the most cautious, intriguing and endearing romances a reader could imagine. Both are initially ultra-gun shy about calling their relationship anything more than a casual friendship, but to other eyes the sparks are flying whenever they are together. You'll meet some other fascinating characters, all of whom are desperately trying to matchmake this burgeoning relationship but who have issues of their own that frequently cause conflict between Kevin and Shanna. Is there hope for the couple? What is it that each character needs to face and admit before they can even dream of more than the frightened and grief-filled moments they suffer? Be warned; this sounds complex and heavy but it's definitely not so.
