Customer Reviews

This book was so interesting to read. The author wrote it with what appears to be his intention of sharing a personal story, not lecturing or asking you to stop. I found this a quick light read and would like to read more in the future as this young author continues to write

This was a great read while enjoying my morning cup of coffee. It's a short book and limited my intake to just 2 cups! Rates a perfect 5 cups outta 5.
