## Customer Reviews

Well, this has been quite a read. I find this book very hot and, yes, compelling. It has stories of 10 little brats and how they want things rough. This is not really my cup of tea, but I did find the book entertaining. The words used a little too vulgar for my taste, but I believe that they are needed to make the book all the more convincing.

This Taboo Erotica Series took me quite some time to read. But that time was overwhelming and heart-racing as each chapter of the book will give you mixed emotions, naughty or good. I mean this in the most positive way. Books that goes right through you are very rare and should be read with all appreciation and modest. This erotica book has made me long for a great scene and tickled my womanhood all in one seating. I'm really glad I got to read this book and hopefully I would be able to

share this with my friends when I come meet them. All praises to the author of this book! I hope you keep writing stories like this which leaves thrill to its readers.

The story is not the typical story we can read from many books. I find this book because there is this friend of mine who recommend this. I get surprised because the story is very sexy, the characters were realistic and the plot has a lot of surprises and twist. Now I will recommend this to anyone who haven't read this. Very interesting!

This series is making my rest day complete and relaxing. This compilation of stories is really wonderful and made me feel hot glad I am always with my husband while reading this. I may say that the writer's mind is broad and wild because it made me feel like I am with the character during every scene for letting me feel what they feel.

The story of a beautiful young girl with small breast, her daddy loved her, not as a daughter, but, as a girlfriend. The story turns between these two characters. The love scenes are good, and I enjoyed to read everything in this story. Maybe the storyline can be much better but overall, it was a good story to read.

I already read more than half of the stories and I declare this bundle a true winner! I mean this isn't a matter of excellent writing but it is really the awesome feeling of spending a buck and getting so many stories ranging from campy to sizzling hot exciting. It's not really that hard to please me but this one does so in massive quantities that I found myself just reading and reading and loving the hot scenes. And they don't feel old if I read them again. (Actually read the second one twice lol)

The stories were really juicy and sexy. What the girls go through is amazing. It makes you horny wet. I would definitely read more of Lucy Lixx books. I recommend you give this a try if you like good erotic stories.

The first story I read in this collection is about two men falling in love (or lust) and doing dirty deed that turns any reader on. Even though this book contains heavy sex, the enthusiasm of the stories and the characters were fully kept. The collection of stories is fascinating and some are in fact humorous to me. I enjoyed reading this collection. For those who are looking for a book with character and relationship development and sex, I'd recommend this.
