What a nice surprising story with actual adult characters, it was so enjoyable to actually read a story where the characters talked to one another to work through their insecurities and differences. This book once again demonstrated that Lydia has not fallen into the same predictable patterns that too many other authors have, this is a different story where each character is bringing not only baggage but a terrible tragedy into their new relationships and though there were misunderstandings, each

character was adult enough to talk through their concerns instead of shutting the one they love out of their lives for an unneeded time. While the two main characters of the story are Jules and Paige, Jules' sister Eileen really captured my attention more so than any other character. I like how Lydia always works interesting secondary characters into her books. Making them by the end, almost as important to the overall story as the main. Oh and if you are a golf fan, you will enjoy that aspect of the book as well.

Two beautiful stories in one, Paige and Jules, Eileen and Carol, sweet and romantic, Lydia Rose style, two brave women, who had survived tragedy and cancer, two wounded souls who had found love and had to learn to trust again. Because there's always hope and everybody deserves happiness!!!!

This was a very different type of story for this author. It demonstrates her level of diversity in relationships is evolving in a very positive manner. I enjoyed the book very much.

Such a sweet romance. Proves that love can conquer all imperfections. Ending was predictable but such a fun read getting there! Love all this author's books so please keep writing.

I loved this story romantic sweet I liked the storyline of someone physically disabled but whole on a lot of other ways Beautifully written
